Waterproof Shielded CAT5e RJ45 Female to Female Field Installable Coupler

CAT5E-WTP-FF

- For harsh industrial or outdoor environments.
- Shielded RJ45 female to female field installable coupler, simply plug a patch cord into either end and screw together.
- Compatible with existing hardware, can be panel mounted.
- 1" - 20 UNEF (Unified Extra Fine Thread) outer threading.
 - Use the included nut for panel mounting.
- Circular threaded coupling assembles in-line to connect two patch cords together.
- Gasket seals provide IP67 rated water and dust protection.
 - CAT5/5e/6/6a shielded cable with a 6mm-7mm O.D. is required for waterproofing.
- Temperature range: -4 to 176°F (-20 to 80°C).
- Power over Ethernet (POE) voltage rating: 60W.
