

# Ultra Super Flat Ethernet Cables

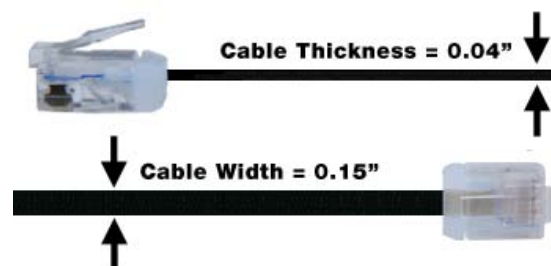

Ideal for hiding under Carpet

## CAT5/6e Ultra Super Flat Cables

Ultra super flat patch cords are a great solution for hiding Ethernet cables in tight spaces, where regular CAT5e/6 patch cord is too bulky. Flat, fully molded cord gives a neat appearance to desktops and wall outlets.

**CAT5E/6-USF-xx-BLACK**

## Features & Applications

- Supports full and half-duplex operation.
- Tested for electrical performance.
- Ideal for hiding under carpet.
- Patch cables have stranded copper conductors for flexibility – great for frequent changes that occur at the wall outlet or patch panel.
- Similar to flat satin or ribbon cable, but these cables have twisted pairs.
- Available lengths: 0.5/1/2/3/5/7/10/14/25/50 ft.

## Specifications

- Thickness: 0.04"
- Width: 0.16"
- 32 AWG stranded UTP CAT5e/6.
- Wired straight through.
- 8x8 (RJ45) plugs.
- 3 micron gold plated contacts.
- Flame-retardant PVC jacket and polyolefin insulation.
- Meets or exceeds ANSI/TIA/EIA-568-B.2-1 and ISO/IEC 11801, Class D/E requirements.
- RoHS compliant.

## CAT5e/6 Ultra Super Flat Stranded Bulk Network Ethernet Cable, Unshielded

**CAT5e/6-USF-BULK-BLACK**

## Features & Applications

- Supports full and half-duplex operation.
- Tested for electrical performance.
- Flame-retardant PVC jacket and polyolefin insulation.
- Meets or exceeds ANSI/TIA/EIA-568-B.2-1 and ISO/IEC 11801, Class D/E requirements.
- Gauge: 32 AWG
- Thickness: 0.04"
- Width: 0.15"
- Length: 250 feet
- Color: Black.
- Ideal for hiding under carpet.
- RoHS compliant.
- Use a utility knife to carefully score the cable jacket for plug assembly.

### CAT5e/6 Ultra Super Flat Bulk Network Ethernet Cable, Unshielded, 32 AWG

Part #	Cable Type	Length
