Waterproof BNC Bulkhead Connector, Case Side

BNC-WTP-FS-CS

- Female BNC panel mount (bulk-head) connector passes through to solder cup terminal for attachment to 18-22 AWG wire.
- Circular threaded coupling mounts case side to connect with cable side connector.
- O-rings provide IP67-rated water and dust protection.
- To achieve waterproof/IP67 protection, the outside BNC connection must be sealed with either a cap or a connected cable with waterproof cable gland.
 - Requires BNC-RG59-CRP-WTP waterproof BNC RG59 cable connector for complete connection.
- Rear bulkhead panel mount design.
- Mounting hardware included – hex nut, lockwasher and grounding tab.
- For harsh industrial environments, such as factory automation, or outdoor installations where BNC coaxial cable needs to be run from a dry location to a wet one.
 - Ideal for outdoor use with CCTV video surveillance cameras/ systems.

Waterproof BNC RG59 Male Crimp Connector

BNC-RG59-CRP-WTP

- Male BNC RF connector crimps to RG59 coaxial cable.
- Threaded couplings and O-ring seals provide IP67-rated water and dust protection.
- For harsh industrial environments, such as factory automation, or outdoor installations where BNC coaxial cable needs to be run from a dry location to a wet one.
 - Ideal for outdoor use in CCTV video surveillance cameras/systems and other video applications.
- Requires BNC-WTP-FS-CS case side connector for complete connection.
