

# USB 3.0 Hub, 4-Port

[www.vpi.us/usb-hubs/usb3-hub-4port-2035](http://www.vpi.us/usb-hubs/usb3-hub-4port-2035)

- Connect up to four USB 3.0 self-powered and/or bus-powered SuperSpeed peripheral devices (keyboard, mouse, touchscreen, flashdrive, webcam, game controllers, etc.) to a computer.
  - First port with charging symbol can be used to charge an iOS device, such as an iPhone/iPad.
- Compliant with USB 3.0 SuperSpeed specifications.
  - Backwards compatible with USB 2.0/1.1
  - Supports SuperSpeed (5 Gbps), high-speed (480 Mbps), full speed (12 Mbps), or low-speed (1.5 Mbps) USB devices.
- Each port supports full 900mA current.
- Supports Plug-n-Play specification.
- Hot-swappable.
- No drivers required.

**USB3-HUB-4**

The 4-Port USB 3.0 Hub connects up to four USB 3.0 SuperSpeed peripheral devices to a PC or MAC computer.

## Specifications

### Connectors

- Four female USB 3.0 Type A connectors for peripheral devices.
- One female USB 3.0 Type Micro B connector for PC or MAC computer.
  - Multiplatform support: Windows 7/8/8.1/10, Linux, and MAC OS 10/11.

### Power

- Input: 100 to 240 VAC at 50 or 60Hz via AC adapter (included).
- Output: 5VDC, 4A
- Power consumption: 18.5 W.
- Each port supports full 900mA current.
  - First port with charging symbol can be used to charge an iOS device, such as an iPhone/iPad.

### Environmental

- Operating temperature: 32°F to 113°F (0°C to 45°C).
- Storage temperature: 32°F to 158°F (0°C to 70°C).

### Dimensions

- WxDxH (in): 4.17x1.31x0.65 (106x33x16 mm)

### Regulatory Approvals

- CE, FCC, RoHS

### Package Includes

- 4-Port USB 3.0 Hub
- Power adapter
- 2.6 ft (0.8 m) male USB 3.0 Type A to male USB 3.0 Type Micro B cable.
